

COMPREHENSIVE MANAGEMENT OF RESIDENTIAL PROJECTS

"We are a technical office that builds"

A technical structure that makes projects possible

FULL INTEGRATION

Project, cost and execution in a single team. No fissures between phases or dispersed interlocutors.

SINGLE POINT OF CONTACT

A single technical manager before the investor. Clarity and control in every project decision.

+20 YEARS OF REAL WORK

Real career in Costa Blanca, Marina Alta and Ibiza. Creditable results in each phase.

The complete project cycle

Results that accredit our Capacity

LAS LOMAS DE DÉNIA

Multi-family residential complex · PM + Turnkey execution

CAN AUBARCA · IBIZA

22 high-end villas · Comprehensive technical management with OASIS BALEAR

VILLA PALISANDRO · JÁVEA

Signature villa · Project Management and Full Execution

Residential Projects in Ibiza

CAN AUBARCA · 2024

22 homes · 4 homes per EQ · High complexity

Real control. Real data. Real results.

PERMANENT ECONOMIC CONTROL

Monthly certifications. Deviations detected in real time, not at the end of the work.

WEEKLY MONITORING OF WORK

Continuous reporting to the Property. Up-to-date planning in each phase of the project.

COORDINATION OF ALL AGENTS

Architect, contractor, industrialists and administration: a single point of control.

IMMEDIATE TECHNICAL RESPONSE

On-site team. Decisions with technical and economic criteria incorporated.

Flexible model, adapted to each operation.

01

PROJECT MANAGER EXECUTIVE

Technical-economic control
and monitoring on behalf of
the investor.

02

MANAGER OF DELEGATED PROJECT

EQ acts on behalf of the
Owner before all agents.

03

PROMOTER DELEGATE

Full assumption of
management: technical,
economic and constructive.

04

BUILDER AND EXECUTOR

Direct turnkey execution.
Total control of costs and
deadlines.

The project does not happen alone.

EQ makes it possible.

From the idea to the finished asset.
